

I am a daily listener to K-LOVE in the Cincinnati OH area. I listen to it on both sides of a 30 minute commute. I very much appreciate and value the service they provide. I would be extremely disappointed if the positive impact K-LOVE is having on many lives was disrupted due to LPFM. I know many people who find K-LOVE to be a valuable, UNIQUE alternative to what is normally broadcast on the radio. The content is positive and uplifting.
